A Wilmington woman heard some one say that a cooking school is to be sent in a special car to all cities to teach the latest art in cooking, kitchen economy, etc. The Wilmington woman was deeply interested and said she hoped she would have a book when the car gets here so she could learn how to cook.

When the death verdict was brought in against Johann Hoch on Friday at Chicago, seven women among the spectators keeled over in a faint. Poor things! They attended that trial for days without letting on that they were a few of Hoch's wives but it was just like a woman to give herself away at the last moment.

It turned out after all that Wood, the New Jersey murderer, pleaded guilty to murder in the second degree. He tried to make the court believe he had a dual nature and didn't know a thing he did when he was in the personality of a "little black man." ANOTHER SOUTHPORT ROAD.

Raleigh and Cape Fear May Extend to Deep Water.

(Special Star Telegram.)

Raleigh, N. C., May 20.—The Raleigh and Cape Fear Railway Company announces a change of name to the Raleigh and Southport Railroad Company. They re now building an extension of the Raleigh-Lillington road to Fayetteville and make public their intention to continue it to Southport. This is regarded here as having special significance in view of the recent declaration by President Barr, of the Seaboard Air Line, that his company will secure an outlet at Southport. The Carolina and Northern and other Carolina roads are already a part of the Seaboard system and this Raleigh and Southport line would complete the route. It is also significant that the building of the additional line from Fayetteville to Southport would give the Southern, should that line control the Raleigh and Southport, an independent outlet at that splendid seaport.

Interesting Exercises Brought Wilmington High School to a Close Last Night

ADDRESS BY THE GOVERNOR

Hon. Robert B. Glenn Heard With Much Pleasure and Profit By Large Audience—Amy Bradley Medal—The Honors.

The presence of His Excellency, the Chief Executive of North Carolina, coupled with the distinguished personnel of the graduating class this year and the natural pride that Wilmington people feel in their leading educational institution, combined to make the closing feature of the commencement exercises of the Wilmington High School last evening one of the most successful and highly creditable events of its kind in the recent history of the city's splendid graded school system. The historic "Upper Room" of the Tileston building was never filled with a more cultured or a more enthusiastic audience, the attendance having been the capacity of the large hall.

The rostrum from which the exercises took place was brilliantly lighted and set with stately palms and other plants. To the left from the audience, in a quarter circle of three rows, sat the graduates, the male members of the class gallantly sacrificing position to form a background for the pretty picture afforded by the young ladies in front. To the right sat Governor Robert B. Glenn, the guest of honor; Hon. A. M. Waddell, Mayor of the city; Superintendent John Jay Blair, Mr. J. G. deRoulhac Hamilton, principal of the school; Mr. B. G. Worth, a devoted friend of education; the Rt. Rev. Robert Strange, D. D., Bishop of East Carolina; Mr. Wm. H. Sprunt, chairman; Mr. George Rountree and Superintendent Washington Catlett, of the County Board of Education; Mr. James F. Post, chairman, and Mr. Richard J. Jones, of School Committee, No. 1; Mr. Samuel Northrop, chairman, and Mr. C. W. Worth, of School Committee No. 2; and Mr. Eugene S. Martin, dean of the Wilmington bar. Members of the High School faculty occupied seats in the audience, near the front.

The exercises opened with a very fervent prayer by Bishop Strange after which Mr. Rountree very happily introduced Governor Glenn. The Govenor was forced to bow his acknowledgment of continued appaluse several times before he was heard. He spoke for more than an hour and during that time enjoyed the undivided attention of the large audience. His theme was the responsibility of the present and ever progressive age. He paid a beautiful tribute to North Carolina and spoke of her resources and pre-eminence in the sisterhood of States. He pleaded for a Christian education and a Christian civilization; emphasized the call upon the coming generation for noble women and true men and spoke ecouragingly of the signs of the times. Governor Glenn concluded amidst most enthusiastic applause.

Hollowbush's Orchestra interspersed the numbers on the programme with delightful music.

The Amy Bradley Medal.

The Amy M. Bradley Scholarship medal was won this year on a tie with Miss Ray Julia Solomon by Miss Mary Baldwin Mitchell, one of the youngest and brightest members of the large class of seventeen graduates. To. Mr. Eugene S. Martin fell the pleasant task of presenting the medal to Miss Mitchell, which he did in a brief but very happy address during the progress of which he paid a beautiful tribute to Miss Bradley, now of sainted memory. Miss Mitchell gracefully accepted the medal in the midst of the heartiest applause by her class mates and the audience.

Reading of School Honors.

Mr. Hamilton next read the school honors which were as follows, the announcements also having been received with enthusiastic applause:

Those having no tardies or absences for the entire year: Misses Sue Boon, Eva Boyd, Agnes Chasten, Louise Cornith, Helen Hopewell, Elem Kine, Bessie Lathrop, Annette Munds, Eslie Risley, and Ray Solomon. Messrs. Allie Alderman Louis Belden, Ferdinand Duls, Henry Mercer, George Mitchell and Willie VonGlahn.

Those having 100 in deportment for the year: Misses Ina Alderman, Sallie Bowden, Bessie Craig, Sadie Denmark, Frank Fennell, Helen Hopewell, Nettie King, Mabel Littleton, Lou McIver, Elizabeth McKoy, Leonora Mills, Veda Russ, Lella Screven, and Nellie Whitehead. Messrs. Herbert Darden, DeWitt Schonwald, Willie VonGlahn and Harold Whitlock.

Class Honors for the Year—Senior, Misses Mamie Mitchell and Ray Solomon. Average in all studies, 98.2. Juniors. Miss Annette Munds, average 97.5. Sophomore, Mr. Henry Solomon, average 98.1. Freshmen 1, Miss Mary Crosswell, average 96.2. Freshmen 2, Miss Alice Noble, average 97.6.

Grand Honor Roll.—Misses Frank Fennell, Lou McIver, Lella Screven, and Nellie Whitehead. Messrs. Willie Von Glahn and Harold Whitlock.

The Diplomas Presented.

The presentation of diplomas was by Mr. Hamilton, who was most complimentary in his references to the graduates and cordial in his wishes for their happiness in the future. As their names were called the following came forward and received the evidences of their four year's successful work: Sue McCall Boon, Addie Chadwick, Jennie Corbett, Mellie Moulton Cotchett, Gracie Odell Craig, Caroline Nelson de Rosset, Frank Powers Fennell, Mabel Louise Littleton, Lou Morton McIver, Elizabeth Francenia McKoy, Cora Alberta Meredith, Mary Baldwin Mitchell, Ray Julia Solomon, Laura Barbara Weill, Mildred Elliott Whitlock, William Carson Von Glahn, John DeWitt Schonwald.

The young lady graduates were the recipients of a large number of beautiful flowers from admiring friends and kinspeople, the tributes of affection and esteem having been brought forward by the marshals for the occasion, Messrs. Tom Wood, Louis Orrell, Frank King and Bruce Hall, of the Junior Class and Messrs. Earle Croswell and Ben Houston, from the Sophomores.

The faithful janitor of the building, a worthy colored man of the old school, affectionately known by the boys and girls of the institution as "Mose," was called to the front as the exercises were about to conclude, and to him was presented by the student body a handsome, little token of appreciation of his fidelity and courtesy. The Governor was a close and interested observer of the incident which he applauded heartily.

Address By Mr. Blair.

Just before the benediction Superintendent Blair gave an interesting review of the work at all the schoools during the past year and emphasized the need of a more substantial public support in view of the increasing needs of all the institutions.

Bishop Strange dismissed the audience with a word of prayer and many citizens hastened forward to pay their respect to Governor Glenn and assure him of their high appreciation of his visit and his splendid address. The graduates were also showered with congratulations upon the happy event in their lives, all of which were gracefully acknowledged.

THE GOVERNOR ENTERTAINED.

Given Harbor Trip By Merchants' Association—Military Welcome.

The arrival of Governor Glenn on the evening train yesterday was made an occasion for the extension of more than the ordinary courtesy to him by President W. B. Cooper and a deputation of prominent members of the Wilmington Merchants' Association. The distinguished visitor was met at the station by President Cooper, Vice-President L. B. Rogers, Col. T. C. James, Mr. C. M. Whitlock, Mr. Matt J Heyer, Mr. James Kyle, Capt. W. F. Corbett, Mr. John J. Blair, Mr. Watters, of the Navassa Guano Co., representatives of the press and others. He was cordially welcomed to the city and given a trip about the harbor on the steamer Navassa, which was kindly placed at the disposal of the committee by Capt. James H. Williams, the clever master of the boat. Governor Glenn expressed himself as much impressed by a view of Wilmington's industries from the water front and said that he enjoyed the trip greatly. The party boarded the steamer at the A. C. L. wharves, went up to Hilton; down the river a short distance and back to Princess street dock where the party disembarked.

Governor Glenn is being entertained at The Orton. Owing to a press of official business just at present, he will return to Raleigh this morning. The military had arranged to give the commander-in-chief of the State National Guard a fitting welcome to the city had he arrived as was expected yesterday morning, but being engaged with their twentieth of May celebration at the beach, the soldiers and sailors did not return to the city in time to meet him last evening. However, Capt. Robertson, of the W. L. I. and other military officers of the city called upon him at The Orton and assured him of their pleasure at having him in their midst.

STATE BANKERS' ADJOURNED.

Election of Officers For Ensuing Year—National Convention.

Mr. Jos. W. Yates returned last evening from Winston-Salem where he attended the ninth annual convention of the North Carolina Bankers' Association. The meeting was one of the best yet held and was largely attended.

The following officers were elected for the ensuing year: President, C. N. Evans, of Charlotte, formerly secretary; First Vice-President, John F. Wiley, of Durham; Second Vice-President, H. W. Jackson, of Raleigh; Secretary, W. A. Hunt, of Henderson.

Executive Committee: F. H. Fries, Winston-Salem; J. F. Bruton, Wilson; W. H. Wood, Charlotte, L. W. Norman, Hertford.

Delegates to American Bankers' Convention: G. W. Montcastle, W. H. Twitty, W. H. S. Burgwyn, John S. Armstrong; alternates, Erwin Shuder, C. J. Cooper, W. E. Borden, F. E. Vaughan.

The selection of a place for the next meeting of the association was left with the new executive committee.

Word of Thanks.

Mr. B. H. Scott, of this city, who was recently under treatment at the James Walker Memorial Hospital, desires to publicly thank the superintendent and nurses for the many kindnesses and courtesies shown him there. Closing a note of thanks, Mr. Scott says: "I do not think too much can be said for "The James Walker Memorial Hospital." I thank God for the institution. It is a God send to the people. May He in His love bless the institution as a whole. Every one who is and may be connected with it, and every one who goes under its roof for the benefits and blessings to be obtained there. Amen."

TWENTIETH OF MAY

Wilmington Military Celebrated Anniversary at Wrightsville Beach on Yesterday.

W. L. I. WON FROM RESERVES

Sergeant George Davis Winner in Company Shoot of Infantry—The Scores in Detail—Reserve Corps Lost to Active Team.

The Twentieth of May, anniversary of the signing of the Mecklenburg Declaration of Indepndence and a legal holiday, by statute, in this State, was fittingly celebrated yesterday with an outing at Wrightsville Beach by both the Wilmington Light Infantry and the Wilmington Division of Naval Reserves, the first named under command of Capt. Wm. F. Robertson and the Naval Reserves commanded by Lieut. H. M. Chase. The day was not only significant with the companies because of the Mecklenburg Declaration, but it also marks the anniversary of the founding of the two organizations, the W. L. I. dating its birth back to more than half a century ago and having only recently celebrated its semi-centennial.

The feature of greatest interest to both organizations yesterday was the annual competitive shoot between teams representing each for a handsome gold medal established several years ago. The medal was won yesterday by the W. L. I. team in a good, safe score. Then there was a company shoot of the W. L. I. for a medal offered each season and held the past year by Sergeant R. N. Nash. It was won this year by Sergeant George Davis, who had a strong lead over all competitors with a score of 21 out of a possible 25. The Reserve Corps "Original" team, which won the first competitive shoot from the sailors, also had a match yesterday with the W. L. I. team selected this year. The Reserve Corps team lost to this year's team by the close score of 79 to 76.

Both companies assembled at their respective armories yesterday morning and boarded special cars at 10 o'clock for the beach. The day was delightful and the soldiers and sailors greatly enjoyed the outing. The W. L. I. established headquarters in the new pavilion and the Naval Reserves at the Casino. During the morning the sailors had practice with their one-pound Hotchkiss and other artillery. The company shoot by the W. L. I. at the regulation target was the first event with the infantrymen, the team having been selected for the match with the Naval Reserves from the scores made in the first event. The result was as follows:

The distribution was as follows: Pittsburg, 3; Philadelphia and Worcester, two each; New York, Providence, North Adams, Hornellsville, Elmira, and Burlington, Vt., one each. WILMINGTON, N. C.

Sunday Morning, May 21.

IMPROVED COTTON GIN.

We have long expected to see the method of preparing cotton for market revolutionized. The gin of the day and the screw and press in use for packing cotton, as well as the sloven manner in which the bales of raw cotton are made ready for the cotton cutter, have to go. Within a few years we expect to see the machinery in use during the past decade relegated to the antiquated class. We rather think the era is now ushered in for improved machinery to come to the front, and we are gratified to note that a North Carolina corporation has come to the front to introduce the new era in this State.

At Raleigh a few days ago the Secretary of State chartered the Fuller Gin Company, of Charlotte, with an authorized capital of $100,000. The corporation has been chartered for the purpose of handling an improved cotton gin under the patent of Mr. James T. Fuller, of Texas, the inventor of the combination gin from which the corporation derives the significant part of its name. Mr. Fuller and Messrs. J. J. Farnan and Charles F. Wadsworth, of Charlotte, and large cotton handling and machine interests of Charlotte constitute the new company. Cotton planters in cotton will be interested in this from the Charlotte Chronicle, giving an account of the combing gin and other machinery for preparing cotton for market:

"Engineers and other competent authorities who have examined the new invention are of the opinion that it will supersede other methods of ginning cotton. It differs from the saw gin in that it operates a series of circular combs, with needle points, and gins any length of staple perfectly. The same results are obtained whether the gin is operated on sea island or upland cotton.

"The combs pull instead of cutting the staple from the seed, thus cleaning the seed more thoroughly than is done by the saw gin, thus adding to the production. In addition, the new machine is operated more rapidly than the saw gin, although only the same amount of labor is required.

"During the past season one of the new gins was operated by Mr. J. H. Griffiths, south of the city, and the work proved satisfactory in every respect. A prominent cotton dealer who has seen the gin at work expresses the opinion that its general introduction will effect a large saving for the mills, owing to the fact that there are no broken fibres in the cotton it gins. The gin at Mr. Griffiths' was operated at the rate of 15 bales per day which is a considerable increase in production over the saw gin.

"The organizers of the company have not decided upon a plan for the manufacture of the gins, although several conceins are negotiating for the privilege of making the machines on a royalty. If the company decides to manufacture the machines on its own account, the plant may be located in Charlotte. A large machine shop would be necessary and several hundred skilled laborers would be employed.

"In connection with the new gin, the company owns a number of other valuable patents, one of them being a patent on a machine for making, at the gin, a standard compressed bale of cotton ready for shipment. It will differ from the round bale only in that it will be of the size of the compressed bale of commerce except of greater density and more symmetrical in shape.

"Mr. Fuller, the inventor of the new gin, also invented the round bale cotton press, which he sold for over $80,000. This patent is now held by the Planters' Compress Company, of New York, and is largely used in Texas. Mr. Fuller is a native of Texas, but his business has kept him in New York for the past few years. He has made several trips to Charlotte recently and is in the city, at the Manufacturers' Club, at the present time."

THE MAGAZINES.

Leslie's Magazine for June is on our round table. It is a handsome, beautifully illustrated and meaty number, replete with reading matter of literary merit and current interest. The table of contents contains article after article to entertain and instruct the reader. The price for a single copy of this popular publication is 10 cents, subscription price $1.00 per annum. Address Frank Leslie Publishing House, 141-147 Fifth avenue, New York.

A gem from the press which comes to us is the June number of the Woman's Home Companion. The title page is an artistic reproduction of "The Three Most Beautiful Roses," and equally artistic are the numerous illustrations throughout the pages of the magazine. Fashion, art and literature constitute the features of this publication and indeed it is one most charming for the home. Subscription price is $1 per year; 10c per copy. Address The Crowell Publishing Company, 35 West 21st street, New York.

THE LESSON UNCLE SAM TEACHES US.

If high prices under protection make Uncle Sam want to stand from under in his Panama canal purchases, where are his feelings for the masses who have to grin and endure the burden of the high tariff? Everybody who wears or consume anything is squeezed in the same proportion that the government would be in purchasing material and supplies for the canal in the unreasonably protected American market.

CURRENT COMMENT.

—An inexperienced writer says that all a woman wants is to be loved. What, then, does all this we hear about ice cream soda, new hats, pretty shoes, costly jewelry, etc., mean? That young gusher doesn't know half his lesson yet.—Raleigh Post.

—There is always an element of doubt about the success of one kind of Georgia peaches, but there is another kind that always shows up full, rich and ripe. We have reference, of course, to the "sweet girl graduates." And they will be with us a few short weeks hence.—Savannah News.

—"Theoretically, municipal ownership and control fill all the requisites of the American idea of popular government, but in practice they have failed most woefully. It is a frightful reflection on the American people that their politics, and particularly heir city governments, are so corrupt, but the fact remains. The alleged best citizens could have it otherwise if they would, but they do not, and it must be assumed that they are satisfied with the corruption and graft if they are not parties to them."—New Orleans Picayune.

—Our counsuls and ministers seem to be very quick to espouse the cause of corporations of this country who claim to have concessions from Latin-American republics. The express companies claimed to have certain rights in Cuba, granted them by General Brooke, when he was governor general. The Cuban authorities abrogated that right, whereupon the companies raised a mighty howl and the consul at Havana communicated with the State Department endorsing the contention of the expressmen. It began to look as if the Cubans would have to submit to a concession to an American company which was detrimental to Cuban interests, because of certain provisions of the Platt amendment. Now it turns out that the express companies can produce no papers showing that any concession had been granted them, yet our consul officially backed them. The State Department ought to go very slow before it, hereafter, undertakes to sustain American "rights" in these countries.

TWINKLINGS.

—Even an electric button won't accomplish much unless it is pushed.—Philadelphia Record.

—"Are you Hungary?" "Yes, Siam." "Well, come along; I'll Fiji.—National Geographical Magazine.

—"What is meant by the expression, 'music of the spheres?'" "The clinking of the high balls."—Yale Record.

—John—Where is the best place to hold the world's fair? Mike—Around the waist.—The Woman's Home Companion.

—Our education was so limited that we are unable to tell the different between ruffianism and college" spirit." Atchison Globe.

—"So the lawyers got most all the estate. Did Ethel get anwthing?" "Oh, yes. She got one of the lawyers."—Judge.

—Judging from the doings of women's clubs, the next great war will be between the men and the women.—The Woman's Journal.

—Patience—And you say he kissed you! Patrice—Yes, but I coudn't really help myself. "How was that?" "I was putting my hat on."—Yonkers Statesman.

—Jack—If I should give you a kiss would you give it away to your father? Helen—Of course not, you goose! What does he want with a kiss?—Chicago News.

—Flunkers—But I don't think I deserve an absolute zero. Professor—No, sir, neither do I. But it is the lowest mark I am allowed to give. Good day.—Yale Record.

—Piggmus—"Foggs says that his sister Ann talks culture till he falls asleep." Dismukes—"She must be a sort of Ann aesthetic." Piggmus—"Yes; ether that or worse."—Washington Life.

—Miss Kutter—Have a glass of water, Mr. Sporte? Woodby Sporte (with a real wicked wink)—Water—what's that? Miss Kuttter—Ah! I see—they're bringing you up on milk.—Cleveland Leader.

—"Speak to me," she pleaded, and looked into his deep brown eyes. "Speak to me," she repeated, and stroked his soft curly hair. And this he could not resist. "Bow-wow," he said.—The Princetown Review.

—"I don't suppose you know what it is to be exposed to temptation every moment of your working day, as I am." "I'm not so sure about that. What's your occupation?" "I am a bank cashier." "Shake! I'm a berry-picker."—Chicago Tribune.

—"Have you never given any thought to what posterity will say about you?" "No," answered Senator Sorghum; "I long ago arrived at the conclusion that posterity cannot make you as much trouble as one of your next door neighbors."—Washington Star.

...OTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is donig wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPIRITS TURPENTINE.

—A negro boy met his death Friday afternoon at High Point while riding on the steps of a shifting engine near the Tate Furniture Factory. He fell among the wheels of the engine, which with two cars passed over his body.

—The State Board of Medical Examiners began their examinations at Greensboro Thursday morning. There are 120 applicants for license, thirteen of the number being colored. The board will be in session until Tuesday, when the State Medical Society will meet.

—Raleigh Post, May 20: The Governor of New Jersey, while enroute from Goldsboro to Newbern, looking from the car windows of the Atlantic and North Carolina railway train, remarked that the one thing that surprised him most in North Carolina was the apparent fertility and productiveness of the soil.

At a late hour Thursday night Miss Nora Lassiter attempted suicide in West Durham by throwing herself into the reservoir connected with the Erwin Cotton Mills. She was seen in time to be prevented from taking her life. The would-be suicide is a young woman employed in West Durham. The causes that led her to attempt the rash act are not known.

—The grand lodge of the Knights of Pythias of North Carolina will meet in Charlotte, June 13 and continue in session till Wednesday. The guest of honor will be Supreme Chancellor Charles E. Shiveley, of Richmond, Ind. A reception will be tendered Mr. Shiveley at the Manufacturers Club. Mr. E. Randolph Preston, of the Charlotte bar, will deliver the address of welcome.

—Raleigh Post: It became necessary yesterday to amputate the foot of Mr. Hubert King, brakeman on the Seaboard Air Line, who was injured by slipping from the steps of a box car. The operation was performed in Rex Hospital, where King was brought for treatment. Attendants at the hospital last night said that the patient was doing well, and his recovery is only a question of a short time.

—Raleigh Post, May 20: The many friends of Mr. R. H. Bradley, marshal and librarian to the North Carolina Supreme Court, will be glad to learn that his injuries received in a recent fall on the Wilmington street pavement are healing nicely. He was walking down Wilmington street when his foot became entangled in a small wire that was lying on the pavement and tripped him so that he fell violently forward, his face striking the pavement first, so that an ugly cut was inflicted just over the left eye, also a painful bruise nearer the center of the forehead.

—Raleigh News and Observer: Messrs. John A. Park, Eugene McDouald, Val. Parkins, Max Gardner, and S. O. Perkins, the latter from A. & M. College, have planned to visit Europe this summer, and will make the trip to Liverpool aboard a cattle ship, working their passage. They will leave Newport News June 1st, accompanied by students from the State University and Wake Forest College. From Liverpool they will go to London, and thence to Paris, Switzerland, Belgium, Portland and Norway up as far as the Alps, and then back to Raleigh, via New York city.

—A dispatch from Charlotte on Friday says: G. B. Carter, business manager of the Charlotte Observer, will leave for Raleigh in a few days, his position being transferred to that city, where he becomes editor and manager of the Raleigh Evening Times. It is not known whether Mr. Carter will move his family to Raleigh at onces as the ownership of the paper is said to be still in the hands of Mr. John C. Drewry, and it is not yet known whether Mr. D. A. Tompkins has purchased a controlling interest in the paper as has been reported. Mr. Crater is well known among newspaper men as one of the ablest business managers in this section.

—A dispatch from Durham on Friday says: Three students of Trinity College were expelled to-day on account of a disturbance at the college. Nearly eighty students engaged in a lively lark on the campus, dressed in various gaudy and patterned costumes, and singing songs, raising yells, and using obscene language. The faculty called the boys before them, and expelled the three leaders, and decided to give the others a severe lecture. The expelled are: L. B. Pope, of Dunn; P. Fulenhimer and C. H. Hasty, of Monroe. Fulenhimer was Trinity's Pitcher, and was one of the best athletes ever at the college. There was a similar demonstration last year, and the students, after being severely reprimanded, were then warned against a recurrence.

—At Raleigh on Friday the secretary of State issued a charter to a million dollar corporation to be known as the Southern Tin Company, of Gastonia. All the authorized capital stock has been subscribed. The incorporators are: T. M. Fayssoux, L. F. Graves, D. M. Jones, J. F. Holland and A. G. Mangum, all of Gastonia. The objects for which the concern was formed are to conduct the business of mining, milling, concentrating and dealing in tin, gold, silver, copper, lead, zinc, iron, steel and all kind of ores, metals and minerals, and in their bi-products, to deal in real estate and do a general construction business. The company is organized mainly to mine, smelt and deal in tin, owning very extensive mines in Gastonia county, N. C., and Cherokee county, S. C., in which is one of the most extensive deposits of tin ore in this country.

A dispatch from Elizabeth City on Friday says: The Norfolk and Southern combination freigh and passenger train, composed of thirty freight and two passenger and express cars, was wrecked this morning at about 8 o'clock just outside the yard limits of Mackey's Ferry, while making the schedule between that town and Belhaven, by dashing into an open switch at the rate of twenty miles an hour, the result being the death of one man and the injury of several others. The engine was hammered into an almost shapeless mass and two freight cars were smashed into fragments. It is claimed that the switch had been tampered with, the lock having been broken and the switch thrown open. Flagman Jake Savage, a negro, was walking the freight cars at the time, and was caught between the tender and forward car, and the lower part of his body was horribly mashed. He had to remain wedged between the cars for an hour and twenty minutes waiting for the train from Washington before he could be removed. He was conscious all that time and his pitious cries and prayers moved many of the spectators to tears. He died in five minutes after he was removed.

—At Goldsboro Friday night as passenger train No. 6 was rounding the curve just before entering the city, near the Goldsboro Rice Mills, it was wrecked. The truck train, which had just turned around on the "Y," was standing on the side-track waiting for orders before leaving for Newbern. The passenger train, which was about 20 minutes late, was making good time and ran into the switch which had been changed, and on which stood the truck train. The passenger struck the truck train engine full force, its front being demolished as well as the front of the other train. Albert McCoy, the colored fireman had just laid his coal shovel down and was standing between the cab and tender when the two trains struck. He was terribly mangled and was pinioned there. His cries were pitiful to hear. Capt. Hancock, who was in the baggage car, had his back hurt and received several other bruises, but none was serious. Louis Blount, the colored porter, was standing upon the seats in the first-class car, turning on the lights, and was knocked to the floor of the car senseless, but outside of a few minor bruises he is unhurt. The passengers were terribly shaken up, but none were seriously hurt.

A DANGEROUS MISTAKE

Wilmington Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys.
The earliest warning is bed-wetting.
Later comes backache, headache, languor.
'Tis a mistake to neglect these troubles.
To blame the child for its own distress.
Seek to cure the kidneys—
Save the child from deadly kidney ills.
Doan's Kidney Pills cure sick kidneys.
Wilmington parents recommend them.

J. T. Ebert, formerly of 515 South Sixth street, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brickdust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her kidney secretions cleared up, she does not complain of her back, and in fact Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

For sal by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—DOAN'S—and take no other.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Cray, of Calhoun, Ga., writes: "My wife had a very aggragated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs, and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At R. R. Bellamy's drug store, price 50 c. and $1.00 guaranteed. Trial bottle free.

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning, Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c. at R. R. Bellamy's drug store.

STRIKE IS NOT SETTLED.

No Terms Between The Teamsters' and Employers' Union at Chicago.

By Wire to The Morning Star.

Chicago, May 20.—Lacking only an official declartion the teamsters' strike came ton an end to-night. The executive committee International Brotherhood of Teamsters, the only body within the organization that has the power to declare an end, was in session all through the early part of the night and the strike could not be called off until that body had announced that the fight had ceased. It was a day of conferences and consultations; proposals and counter-proposals and at night fall the situation was about the same as in the morning. The teamsters have accepted all the terms of the employers with the exception of that relating to the reinstatement of the drivers for the seven express companies. These men were informed when they were out on a sympathetic strike that they were violating their contracts with the companies in so doing, and that none of them would ever be re-employed in any capacity by the express companies. The unions have made a desperate effort to save the positions of these men, or at least a part of them, but so far have been unsuccessful. It is possible that the executive committee of the teamsters may declare to-night that it is in favor of continuing the strike against the express companies.

The terms announced by the employers are as follows:

The teamsters shall recognize the Employer's Teaming Company as a permanent institution, employing nonunion drivers and the "open shop" to prevail.

All the strikers are to be reinstated whenever vacancies exist, except that the employers will not consider the applications of men who have been guilty of lawless conduct during the strike.

The settlement of the strike with other concerns is not to include the express companies.

Union drivers must deliver goods to express companies irrespective of strike conditions.

Working conditions are to be the same as before the strike, as these in fact, were never an issue in the strike.

Prosecutions already started in the Federal Courts under the injunctions and in the Criminal Court under indictments are to be continued.

These terms were this afternoon verbally accepted by the leaders of the Teamster's Union, and the leaders promised to submit the terms to the join council of the Teamsters to-night. It is understood in advance, however, that his body will ratify the agreement. There decision will be submitted to the local unions to-morrow, thus ending the strike.

Strike Will Extend.

Chicago, May 20.—The strike of the teamsters instead of being declared off, will be spread to greater proportions. This was decided tonight by the members of the teamsters' joint council which was in session until mid night.

The council met at 8o 'clock to hear the report of the negotiations that has been in progress with the employers throughout the day. They agred to all the stipulations of the employers with the exception of that which declared that the drivers of the express companies would not be taken back. This was the rock upon which the peace programme was wrecked and after several hours of debate it was decided that the Teamsters Union could not leave the express drivers to make a lone fight, but must stand by them. It was decided to call off all the negotiations, and prepare for a further fight. The sense of the meeting was expressed in the following resolution which was 'passed, and given out as defining the position of the teamsters:

"We believe that the railway express companies are not justified in their refusal to reinstate any of their employes and believet hat the bst interests of all would be served had they agreed to some proposition, or a somewhat similar one, to that which the employers' association suggested. Under the conditions it is incumbent upon the members of the teamsters' organization to continue the strike until such time as the express company will agree to the same conditions as those offered by the employers' association."

ROYAL COUPLE TO BE WEDDED

Duchess Cecelia to be Bride of Emperor William's Heir to the Throne

NUPTIALS SET FOR JUNE 3RD

Pomp and Ancient Ceremonial To Be Followed Acording to Custom—Prince and Duchess To Be Twice Married.

Berlin, May 20.—The entertainments in celebration of the wedding of Crown Prince Frederick William and the Duchess Cecilia of Mecklenburg-Schwerin will last four days beginning Saturday, June 3d, the day the bride and her family arrive here from Scherwerin and take up their residence in the Bellevue Palace. The Duchess will be received at the Brandeburg gate by the chief Burgomaster and the city fathers and by one hundred young women of well known families who have been drawn by lot from several hundred candidates, and who will present flowers to their future empress. The girls will be dressed alike in Gretchen costumes with their hair in braids down the back. Behind the Crown Prince and his bride will ride of right the butchers, postmen and deputations from other trades and occupations, according to immemorial custom. Those chosen to form the cavalcade are now in training at the garrison riding schools.

The Emperor has commanded that this entrance in the city, which will be the only public celebration, shall be simple and if possible beautiful. The three quarters of a mile of Unter Den Linden from the Brandenburg gate to the palace where the Emperor and Empress will await the Duchess Cecilia, will be hung with garlands of roses. Artificial ones naturally will be the only sort used, as they will have to stand four days' exposure. Eight thousand garlands have been ordered. Seats and windows along Unter den Linden have been selling for from $7.50 for the former to $125 for the latter.

The chapel of the palace where the wedding will take place only holds about 3,000 persons, but there will be service at the cathedral on Sunday and a dinner at which the Hohenzollern and Mecklenburg-Schwerin families and the visiting princes, of whom they are fifty and sixty, will be present.

The wedding gifts will be presented in the palace on Monday morning, June 5th, when deputations with congratulations will be received. Later, there will be a numerously attended breakfast, and the State dinner will be served at 5:30 in the afternoon so as to be ended in time to permit of the punctual appearance of all the guests at a gala performance at the opera the same evening. The civil ceremony of the wedding Tuesday, June 6th, will be performed by House Minister von Wedel and the religious rite will be celebrated by Dr. Dryander, the court chaplain, in the palace chapel. The procedure to be observed in the wedding of the Crown Prince fills 113 pages of the "Book of Ceremonies of The House Hohenzollern."

BIG DIAMOND STEAL.

Tiffany Robbed of $90,000 Stones Cut From Giant Diamond.

By Wire to The Morning Star.

New York, May 20.—The World will say tomorrow:

Three diamonds, cut from the world-famous excelsior stone and valued in the aggregate at $90,000 have disappeared from the shop of Tiffany & Co. in this city. The company believes that they were stolen by somebody in their employ.

In all ten diamonds were cut from the excelsior last fall, shortly after its purchase by Tiffany from an English syndicate. The stone was found at Jagersfontein, South Africa, in 1893, and in the rough weighed 971 carats. It was the largest diamond that has ever been cut up and the total value of the stones taken from it was $500,000. Five of the diamonds were sold to New York customers last Christmas. Of the remaining five the company now has only two.

The robbery was committed in the workshop on the fifth floor of the Tiffany building, in Union Square on the afternoon of Thursday, May 4. The next morning when the manager of the department went to take the gems from the safe in which they should have been locked for the night they had disappeared. In fact the three diamonds, upon which a trusted workman had been employed all day on the 4th, had never been placed in the safe. Loosely wrapped in paper the $90,000 worth of jewels had been laid by the workman on the shelf of the window in the wire cage which separates the office from the workshop.

The theory is that some one in the shop who knew the value of the contents of the folded paper stole the package.

BRODIE DUKES TRUSTEES.

Asheville, N. C., May 20.—A deed of trust has been recorded in the Register of Deeds' office of Buncombe county, by and between Brodie L. Duke, who is a son of the late Washington Duke, of Durham, N. C., party of the first part, and C. M. Edwards and R. B. Boone, parties of the second part, known as trustees. The instrument covers several typewritten pages and in part, says:

Duke) is desirous of relinquishing his power of alienation and all right of control over all real and personal property and estate of every name, and wheresoever the same may be situated or located of which he is now seized or possessed, for the period of at least one year. THE PRESBYTERIAN GENERAL ASSEMBLY

Greenville, S. C., Selected as Meeting Place Next Year — Theological Seminary and University.

By Wire to The Morning Star.

Fort Worth, Texas, May 20.—Greenville, S. C., was selected as the next meeting place of the General Assembly of the Southern Presbyterian church, the convention to held in the First Presbyterian church of that city.

To-day's sessions of the assembly were devoted chiefly to hearing committee reports and the transactions of routine business.

Moderator Plunkett, to-day appointed a committee composed of one member from each Synod of the Assembly to confer on matters pertaining to closer relations with other Presbyterian churches. This committee was instructed to report during the present meeting.

There was considerable discussion over the question of church catechism, but this was settled by discharging the committee, and referring the question to the committee on publication. This report was brought up in 1900 and has never been disposed of.

Yesterday's report of the federation committee was informally discussed before to-day's meeting was called to order. Dr. Charles H. Rolston, commissioner from Mount Clinton, Va., favors closer federation of the two branches especially along the border between the North and South where the interests of both churches are closely identified. He expressed the belief that this affiliation should obtain, but the opinion of other leading delegates to the Assembly is that the federation should be brought about by local Presbyteries.

Devotional services by Rev. T. S. Clyce, of Sherman, opened the morning session. Then business matters were taken up and the report of the board of directors of Theological Seminary, of Lopisville, Ky., will be received. The general fund of the institution, it was announced, amounts to $616,000, with a scholarship found of $26,000 and $1,600 cash on hand.

The report of the committee which was appointed at the last General Assembly to recommend action on the relief of vacant churches and ministers without charges was submitted. This report suggests the establishment of a bureau of information which shall publish monthly a list of pastors without charges and the vacant churches. The sixteenth annual report of the committee on ministerial and Christian education was read. Reports from the committee on Synodical records of the church in Virginia and North Carolina were accepted without comment, but a slight change was made in the report from Arkansas.

The committee appointed to look into the matter of the proposed university, which is to be located at Atlanta, Ga., will be heard Thursday morning.

The most important question acted on to-day was the selection of the next meeting place. Six church were nominated. The successful candidate for the honor was the First Presbyterian church, of Greenville, S. C..

MOVEMENT IN DRY GOODS.

Advanced Price of Cotton Eids Manufacturers to Hold to Quotations.

By Cable to The Morning Star.

Manchester, England, May 20.—The inquiry for cloth was active and a considerable amount of business was transacted at rather higher prices. Buyers were not afraid of giving orders for delivery a year ahead. India was the largest purchaser, principally of the finer fabrics. The Chinese demand was merely of a sampling character. Offers were somewhat unremunerative and business consequently was light, but some of the smaller markets did an increased trade. There was an inquiry for yarns, prices improved and a fair amount of business was done for a while.

American cops were firm, owing to the late advance in cotton, which assisted producers in maintaining quotations.

By Wire to The Morning Star.

New York, May 20.—The drygoods is irregular. In certain lines a good business has been done and is progress, while other are more less draggy and little improvement is induced by concessions to force business. The weather conditions have handicapped the jobber.

MISSIONARY CONFERENCE.

Methodists Have Another Interesting Day at Asheville.

Asheville, N. C., May 20.—The third day's proceedings of the South Atlantic Missionary Conference were marked by the deliverance of four interesting addresses on mission work. Dr. H. M. Bamill, who was introduced by Bishop Hendrix, as the author of "The Old South," discussed, The Bible as the handbook of missions.

Dr. J. S. French dwelt on the necssity of giving freely in aid of Foreign Missions, and the Rev. J. P. McGarth, himself a Jew, called attention to the lack of fair treatment accorded to the Jews by Christian workers. Dr. Seth Ward was the last speaker at the afternoon session, his subject being "God's gift, our Inspiration and Standard."

The Rev. J. P. Turner, a returned missionary from Japan, tonight delivered an illustrated lecture on missionary work in that country. The conference will close to-morrow with a special programme at the auditorium.

FAR EAST WAR AND ITS PERILS

Japan Said to Be Carrying Things With a High Hand In Korea

LINEVITCH WILL WILL FIGHT

Japanese Army Will Force Battle in View of Uncertainty of the Result of the Coming Naval Battle.

Paris, May 20.—Reports received here through authoritative channels represent Japan as carrying things with a high hand in Korea. Whether the reports are influenced by sentiment it is impossible to say but they recite a number of specific facts supporting the view that M. Hayashi, the Japanese minister to Korea, no longer observes the position of the other ministers at Seoul. He is said to consider himself a sort of resident general or viceroy, thus taking precedence in dealing with the court and government. The general commanding the Japanese troops is represented as seconding this assumption of precedence on the part of the Japanese minister.

The official reports confirm the reports from Pekin that the Japanese recntly exerted strong pressure upon the emperor to Korea to induce him to leave the country and go to Japan, with the evident purpose of removing him as an obstacle to the development of Japanese control.

Livenvitch Will Fight.

Gunshu Pass, 18 miles north of Tie Pass, Manchuria, May 20.—A general engagement is imminent. Field Marshal Oyama is deploying heavy forces against General Linevitch's left and is concentrating his troops along the centre, but his base is opposing the Russian fight. It is not yet clear which wing is making a demonstration and which will deliver the main blow. It is evident from Linevitch's prepartions that he intends to accept a decisive battle.

Japs' Position Ticklish.

St. Petersburg, May 20.—The war office confirms the report from Gunshu Pass that Field Marshal Oyama is on the even of taking the general offensive, and no doubt is entertained here that General Linevitch will accept battle in his present positions. The general staff believes Oyama's advance was precipitated by the doubt regarding the issue of the coming naval battle between Admiral Rojestvensky and Togo. With an unbeaten army in front of him, Oyama's position might be critical if his communication with Japan were interrupted even temporarily.

Fighting Has Begun.

Tokio, May 20.—7 P. M.—It was announced this evening from the headquarters of the Japanese armies of the field that three Russian columns of mixed forces advanced southward May 18th to the vicinity of the railroad. The Japanese engaged them and drove the Russians northward. Simultaneously five hundred Russian cavalry attacked a Japanese field hospital at Kangpin on the right bank of the Liao river. Japanese artillery and infantry dispersed the attacking cavalrymen, inflicting heavy loss upon them.

France Watching Russian Fleet.

Saigon Cochin, China., May 20.—Admiral De Jonquieres, the French naval commander, sailed from here to-day on the cruiser Guichen. His destination was not announced, but it is understood that he is going to make another inspection of the coast to see if French neutrality is being infringed.

Rojestvensky's Grub.

Hong Kong, May 20.—According to information received here to-day the one hundred and fifty deeply laden junks, presumably loaded with provisions for the Russian fleet, which were sighted May 16th, twenty miles off Cape St. John, by a correspondent, who proceeded from here to Kwangchau bay, north of the Island of Haiman, have left the vicinity of Cape St. John, and it is added are probably seeking to affect of a junction with Admiral Rojestvensky's fleet.

Dissipation in Presence of Slaughter.

St. Petersburg, May 21.—1:25 A. M.—Despatches from Barbin report a carnival of drunkenness and dissipation among the hangers on of the rear army. Champagne at $10 a bottle is said to be flowing like rivers, dives are abundant and multitude of shapers and gamblers are reaping a rich harvest. The Emperor, at General Linevitch's request, has appointed a new provost marshal general and the commander-in-chief intends to wage a vigorous campaign to restore order and institute more satisfactory conditions in the rear.

BASEBALL FRANCHISE SOLD.

Ashenback Gets $3,500 for the Charleston Club.

Charleston, S. C., May 20.—The Charleston baseball franchise in South Atlantic League, was sold to-day by Edward M. Ashenback, who was also the played manager of the team, to F. M. Petit, Charles R. Matthews and others, all of Charleston. The price was $3,500 and the organization which goes into the league to play a top running team has a capital of $5,000. DeMontreville, who has given excellent satisfaction as short-stop was elected player-manager and the team played under his direction to-day before the largest attendance of the season. Ashenback does not say what he intends doing.

THE COLORED METHODISTS.

President Roosevelt Received One Hundred Delegates Yesterday.

By Wire to The Morning Star.

Washington, May 20.—President Roosevelt to-day received about 100 delegates to the Philadelphia, Washington and Baltimore conference of the A. M. E. church.

At a businee session presided over by Bishop Clinton, of Charlotte, N. C., it was announced that Andrew Carnegie had donated through Rev. G. W. Kinkain $25,000 for the school at New Castle, N. J. Financial reports showed conference receipts from various sources exclusive of the contribution from Mr. Carnegie and a recent one from him of $12,000 to Livingston college, Salisbury, N. C., to have been $2,294.

BIG OIL FIRE IN RALEIGH

Standard Oil Company's Offices and Warehouses Burglarized and Burned Early Yesterday Morning.

By Wire to The Morning Star.

Raleigh, N. C., May 20.—Early this morning the division office of the Standard Oil Company here was burglarized, the safe blown open and robbed of $200 and the building set on fire. The flames spread to the huge oil tanks three of which, containing 8,000 gallons each, were burned, making one of the biggest and most spectacular fires ever seen here. Also a large quantity of barreled oil burned. Night Watchman Nathan B. Strickland was found to be missing and his charred remains were not discovered until this afternoon. The coroner's inquest found that the man had been struck over the head and killed by unknown parties, the theory being that he was knocked in the head by the burglars who rifled the office and set fire to the place to cover the crime of murder and burglary. The body of the watchman was found in the feed room of the stable where five fine mules were also burned. The watchman's clock when opened showed that he rang up last at 1:30 A. M. from the stable and the fire was discovered about 3 o'clock. It is believed that professional burglars committed the crime and that the man who was discovered in the gunsmith shop of Thos. Brockwell here Thursday was one of them and that he was there to steal tools with which to crack the safe.

(By Associated Press.)

Raleigh, N. C., May 20.—Fire to-day destroyed the Standard Oil warehouses here and the charred remains of the night watchman, William Strickland, were found in the ruins. It is presumed that the watchman, whose skull was crushed in, was murdered by robbers as the safe had been broken open and a small amount of money taken. About 20,000 gallons of kerosene and hundreds of barrels of lubricating and engine oil, as well as the warehouse and stables were burned. The loss is estimated at from $20,000 to $30,000.

Special Trial Offer

THE MORNING STAR

At Reduced Rates

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.
